On his retirement from the Vermont military service, Major Lee S. Tillotson gets a fine send-off from his successor as adjutant general, Herbert T. Johnson.

When those Boston rowdies see the business end of those Vermont riot guns they will be likely to think twice before they try any tricks during the policemen's strike.

The second burning fatality in Vermont, in which children were the victims, makes it imperative that parents and all adults take all precautions to prevent matches getting into the hands of children. Match holders should be placed high out of the reach of prying little fingers.

The public would like to see the enemy aliens delivered from jail in the formal manner rather than to have them dig their way out surreptitiously, so that they can boast later of circumventing the United States government. Therefore, the public will ask for prompt rounding up of the enemy aliens who escaped from Fort Douglas, Utah, recently.

There is a great deal in favor of a successful half-century of existence for Goddard seminary as that institution begins her 51st year, and it is to be earnestly hoped that the most will be made of the opportunities so that at the end of the second half century those who are charged with the administration of the school may look back upon 50 years well spent. Those who participate in the pageant celebrating the 100th anniversary of the school must have a record of progress on which to base their allegorical presentation, or the pageant will be of slight value. The friends and supporters of the school should rally with increased interest for the well-being of the school.

There are enough service men in the region covered by Barre post to make a membership of at least 500 at the present

time, perhaps more than that, should all join the organization; so it is to be expected that the forthcoming drive for members of the post will meet with a marked degree of success. The American Legion is going to be the rallying point for all men who participated in the world war and its importance is bound to be recognized more than it is at the present juncture. Fifty years from now, even less than that, it will be esteemed a great privilege to be a member of the organization, and membership in the legion will be a mark of honor just as it is now a mark of honor to be enrolled among the defenders of the nation in the Civil war. So why not join now, you ex-service men, in order to give Barre post the prestige and standing which it deserves? Talk with the officers of the post and find out what is necessary to enroll as a member of Barre post.

# Just Apply This Paste and the Hairs Vanish

Helps to Beauty

A safe, reliable home-treatment for the quick removal of superfluous hairs from your face or neck is as follows: Mix a stiff paste with some water and powdered delatone, apply to objectionable hairs and after 2 or 3 minutes rub off, wash the skin and the hairs are gone. This simple treatment is unfailing and no pain or inconvenience attends its use, but to avoid disappointment be certain you get genuine delatone.—Adv.

# LETTERS TO THE EDITOR

Trim the Shrubbery, Etc.

Editor, Barre Times. While perusing your interesting and instructive paper this evening, I saw a notice of a meeting of the board of directors of the Barre Woman's club on Tuesday evening. While they are in session, I trust they will consider the question of improvements in landscape gardening.

Currier park is sadly in need of some good person to trim the shrubs and trees. Then pass along to the little plot in front of the Barre high school and Burns monument, two of the most beautiful landmarks in the city, which no one can see going up the street on account of the ungainly trees and bushes that have grown all out of shape and proportion. They are no ornament; cut them down. Trim the shrubs and give Bobby Burns a chance to see the children down the street on their way to high school, also let strangers coming to Hotel Barre see we have a delightful view, thus giving an impression of beauty to our city.

Interested Party.
